Department of Health  
Tobacco Settlement Project  
Downtown, Oahu**

## **Java Developer—Informatics Analyst**

Position No. 93208H

(\$45,576 to \$67,488 commensurate with training & experience)

This position provides Java application development and support to the Hawaii Health Emergency Surveillance System (HHESS) in the Science and Research Group of the Healthy Hawaii Initiative. Monitors the daily operation of a Java-based application running in a Windows Server and Oracle environment. Performs application code build and deployment. Investigates and addresses any processing messages from various logs or user reporting application messages. Administers Apache Tomcat web server environment and performs application administration functions. Coordinates with the System Architect, hosting vendor, users, and other team members to manage the application and associated environments.

### **Preferred Qualifications**

Education Requirement: A bachelor's degree from an accredited four (4) year college or university, Computer Science, Information Systems, or a related field, or five (5) years of experience with Java development tools and IDE's such as Eclipse (core java) and other J2EE Plug-ins for Web 2.0 in a major development environment.

Experience Requirement: Three (3) years of progressively responsible professional information technology experience in computer science which involved the following: J2EE certification, daily operation of a Java-based application running in a Windows Server and Oracle environment, administering Apache Tomcat web server environment, performing application administration functions, application code build and deployment, code management, configuration management, and XML and XSLT (transformation format) creation/usage by a web application.

License Requirement: Valid driver's license.

Preferred Skills: Installation and administration of Apache Tomcat web server; code management practices using MAVEN; experience with Java development tools and IDE's such as Eclipse (core java) and other J2EE Plug-ins for Web 2.0, including GWT engine, Spring, Hibernate plug ins, Ajax, Google Maps and Google Visualization.

### **Who May Apply**

Citizens, permanent resident aliens, or nationals of the United States; and non-citizens with unrestricted employment authorization from the U.S. Immigration & Naturalization Service.

### **How to Apply**

Send cover letter, resume & contact information to:

Department of Health  
Tobacco Settlement Project  
1250 Punchbowl Street, Room 422  
Honolulu, Hawaii 96813  
or fax to 808-586-4491
